

# BUTT HINGES

## Options

### HOSPITAL TIP (HT)

Hospital Tip: Barrel ends are sloped, making it easier to clean and making it difficult to attach rope, clothing or other ligatures. The pin is held in place by a cross pin for security reasons.

Specify "HT" when ordering. Not available on all models.

### FIRE RATED (CUL MARKED)

Full mortise, butt hinges, 3-knuckle and 5 knuckle standard and heavy weight for use on swinging-type fire doors rated upto and including 3 hour.

Available for the following models:

Standard weight    Heavy weight
